Re: March 15, 2024 Reports

County	Prog. #	Organization	Remediation Program Name	Total Spent + Committed	Sched.	Schedule Categories	Att?	Program Notes	Wkg. Grp.	May 2, 2024 Public Meeting
Adams County										
Adams	#1	County	LOCA	\$73,801.78	B	• D. Address the Needs of Criminal Justice-Involved Persons	0		3	Still Under Consideration
Adams	#2	County	HS Coordination	\$65,000.00	B	• J. Leadership, Planning and Coordination	0		3	Still Under Consideration
Allegheny County										
Allegheny	#1	Allegheny County Health Department	Naloxone Distribution	\$213,750.00	B	• H. Prevent Overdose Deaths and Other Harms (Harm Reduction)	0	The Allegheny County Health Department purchased and distributed 9000 units of naloxone to first responders throughout the county for use against overdose in the communities served. These units supplemented the supply that comes from the state which has been 15,000 to 20,000 units per year. Over the past 5 years, Allegheny County has received support for naloxone from the following: US Substance Abuse and Mental Health Administration, CDC, Pennsylvania Commission on Crime & Delinquency, Pennsylvania Overdose Prevention Program.	2	Approved
Allegheny	#2	The Council of Three Rivers American Indian Center	Early Head Start-Child Care Partnerships Program	\$905,868.00	B	• B. Support People in Treatment and Recovery	0	This project funds new Early Head Start Child Care Partnership program slots for children (0-3 years of age) impacted by Opioid Use Disorder (OUD) throughout Allegheny County. Funding provides child care slots for caretakers with OUD who need child care support while undergoing treatment or job seeking and do not qualify for state funded child care subsidies.	2	Approved
Allegheny	#3	UNIVERSITY OF PITTSBURGH PHYSICIANS	Telehealth Clinic Services	\$941,330.00	B	• A. Treat Opioid Use Disorder (OUD)	0	This project expands telehealth clinic services. Prescribing of medication for OUD through telemedicine is a low-barrier strategy to increase medication utilization for clients with OUD and bridge them to continuing care. The purpose is to connect vulnerable populations to treatment including induction of MAT and referral for ongoing long-term treatment, as well as providing assistance with applying for health insurance, housing, employment and transportation assistance.	2	Approved
Allegheny	#4	ALLEGHENY SINGER RESEARCH INSTITUTE	Mobile MAT	\$579,244.64	B	• A. Treat Opioid Use Disorder (OUD) • B. Support People in Treatment and Recovery	0	Expanding access to mobile bridge medication for opioid use disorder at 4 mobile low barrier van sites in Mon Valley, South Hills, and East Pittsburgh. The purpose is to connect vulnerable populations in targeted geographic areas with limited access to medication-assisted treatment (MAT) through mobile van locations, as well as providing assistance with applying for health insurance, housing, employment and transportation assistance. This may also include referrals to substance use treatment centers.	2	Still Under Consideration
Allegheny	#5	ACTION Housing Inc.	Low-Barrier Shelter	\$595,554.00	B	• B. Support People in Treatment and Recovery • C. Connect People Who Need Help to the Help They Need (Connections to Care)	0	This project helps fund low barrier, harm-reduction focused shelter for unhoused people with SUD which includes case management and engagement services. Such shelter is necessary to meet increased need and support people with substance use disorder to access treatment and recovery supports. This is an established and continuing service provided through the Allegheny County Department of Human Services.	2	Approved
Allegheny	#6	ALLEGHENY COUNTY DEPARTMENT OF HUMAN SERVICES	Student Assistance Program	\$147,695.15	B	• G. Prevent Misuse of Opioids	0	SAP Liaisons provide interventions and service navigation for students at risk for substance use in all 43 school districts in the County reaching 200+ schools. This is an established and continuing service provided through the Allegheny County Department of Human Services. Service providers include ALLEGHENY CHILDREN'S INITIATIVE INC, TURTLE CREEK VALLEY MH/MR, AND UPMC PRESBYTERIAN SHADYSIDE WESTERN PSYCHIATRIC HOSPITAL	2	Approved
Allegheny	#7	COMMUNITY CARE BEHAVIORAL HEALTH ORGANIZATION	CONTINGENCY MANAGEMENT PILOT	\$1,728,000.00	B	• A. Treat Opioid Use Disorder (OUD) • L. Research	0	CCBHO will develop, implement and manage a contingency management pilot project tailored to address the ongoing SUD crisis in Allegheny County, specifically the pervasively high rates of OUD diagnoses. Contingency management is an evidence-based intervention program with over 100 trials demonstrating positive impacts on abstinence and treatment adherence. CCBHO will provide participant management, provider management and data collection for evaluation. The pilot program includes the distribution of small financial incentives to enrolled participants for drug treatment adherence that reinforce positive behaviors, such as abstinence, staying current on medications, and completing scheduled therapy.	2	Still Under Consideration

Pennsylvania Opioid Misuse and Addiction Abatement Trust
May 2, 2024 Public Meeting
Re: March 15, 2024 Reports

County	Prog. #	Organization	Remediation Program Name	Total Spent + Committed	Sched.	Schedule Categories	Att?	Program Notes	Wkg. Grp.	May 2, 2024 Public Meeting
Allegheny	#8	JADE WELLNESS CENTER	RECOVERY HOUSING	\$181,000.00	B	• B. Support People in Treatment and Recovery	0	The funding expands the supply of recovery housing for individuals with substance use disorder. The property is being acquired with settlement funds, but operation of the recovery house will be funded through other means. The property will operate as a recovery house for at least five years in partnership with Allegheny County Department of Human Services.	2	Still Under Consideration
Allegheny	#9	ALLEGHENY SINGER RESEARCH INSTITUTE and UPMC PRESBYTERIAN SHADYSIDE	Emergency Department Outreach	\$700,136.00	B	• B. Support People in Treatment and Recovery • C. Connect People Who Need Help to the Help They Need (Connections to Care) • H. Prevent Overdose Deaths and Other Harms (Harm Reduction)	0	This project implements Emergency Department navigation services at area hospitals to help emergency department patients with SUD access evidence-based treatment with a focus on MAT and harm reduction. Services are provided by social workers, community health workers, and/or peer navigators as embedded staff at participating Emergency Departments.	2	Approved
Allegheny	#10	Tadiso Inc.	Jail MAT	\$173,348.82	B	• C. Connect People Who Need Help to the Help They Need (Connections to Care) • D. Address the Needs of Criminal Justice-Involved Persons	0	Continuation and expansion of Medically Assisted Treatment (MAT) at the county Jail for those with Substance Use Disorder (SUD). Grant funding for MAT ended 9/30/23 and settlement funds were used to continue providing service beyond the grant term. Going forward, funding will also allow for expansion of services to include MAT induction at the Jail. Previously, an individual would only receive MAT if they were already prescribed prior to incarceration. This project allows for expansion to provide MAT for the first time after evaluation to qualifying individuals.	2	Approved
Allegheny	#11	Prevention Point Pittsburgh	Syringe Services Program	\$325,000.00	B	• H. Prevent Overdose Deaths and Other Harms (Harm Reduction)	0	This project aims to reduce harms associated with substance use by providing access to sterile syringes and other safer drug use supplies.	2	Approved
Allegheny	#12	ALLEGHENY SINGER RESEARCH INSTITUTE	RIVER Clinic	\$348,251.20	B	• A. Treat Opioid Use Disorder (OUD) • C. Connect People Who Need Help to the Help They Need (Connections to Care) • D. Address the Needs of Criminal Justice-Involved Persons	0	This project implements a Community Health Initiative at the Rethinking Incarceration and Empowering Recovery (RIVER) Clinic for individuals transitioning from incarceration to civilian life. The clinic provides medical care and optimizes the social determinants of health. The purpose of the settlement funded initiative is to connect vulnerable populations to treatment for SUD and reduce barriers to accessing care.	2	Approved

Pennsylvania Opioid Misuse and Addiction Abatement Trust
May 2, 2024 Public Meeting
Re: March 15, 2024 Reports

County	Prog. #	Organization	Remediation Program Name	Total Spent + Committed	Sched.	Schedule Categories	Att?	Program Notes	Wkg. Grp.	May 2, 2024 Public Meeting
Allegheny	#13	ALLEGHENY SINGER RESEARCH INSTITUTE	TRAINING COLLABORATION	\$105,834.16	B	• K. Training	0	Funding is being used to create a training and education resource for Allegheny County on addiction treatment and related topics. The contractor will expand an existing training platform that contains information on evidence-based approaches to treating SUD that will be available to the county and its stakeholders. Additionally, two annual conferences will be held to bring together stakeholders from across the county to learn from each other, to collaborate and communicate, and to build a strong infrastructure to treat SUD.	2	Approved
Allegheny	#14	LUCEO IMAGES LLC	Public Education Campaign	\$300,000.00	B	• G. Prevent Misuse of Opioids	0	Countywide print and digital public education campaign about safe storage, substance use harm, and naloxone administration as well as use prevention and linkages to treatment. Focused on families, caregivers, and people who interact with families and children.	2	Still Under Consideration
Armstrong County										1
Armstrong	#1	Armstrong-Indiana-Clarion Drug and Alcohol Commission	Recovery Center	\$113,103.38	B	• B. Support People in Treatment and Recovery • C. Connect People Who Need Help to the Help They Need (Connections to Care)	0		1	Approved
Armstrong	#2	Armstrong-Indiana-Clarion Drug and Alcohol Commission	School Saltworks Presentations	\$1,000.00	B	• G. Prevent Misuse of Opioids	0		1	Approved
Armstrong	#3	Armstrong-Indiana-Clarion Drug and Alcohol Commission	Student Assistance Program	\$25,656.18	B	• G. Prevent Misuse of Opioids	0		1	Approved
Beaver County										3
Beaver	#1	Gateway Rehabilitation Center	Gateway Rehab Harm Reduction/Expansion	\$552,097.44	B	• A. Treat Opioid Use Disorder (OUD) • H. Prevent Overdose Deaths and Other Harms (Harm Reduction)	1	As part of our first proposal round Gateway Rehab had submitted several requests for improved infrastructure of their various Beaver County Facilities. Beaver County reviewed and chose two proposals that were intended to allow for a safer treatment environment for OUD consumers within those Gateway Facilities. Without these upgrades to infrastructure, it was possible that OUD Overdoses could have occurred for consumers who were attempting to maintain sobriety within these treatment facilities.	3	Still Under Consideration
Beaver	#2	Beaver County SCA	Narcan to Reverse Opioid Overdoses	\$78,210.00	A	• A. Naloxone or other FDA-Approved Drug to Reverse Opioid overdoses	1	One of Beaver County's inpatient providers was requesting purchase of Narcan to have in their facility and to provide to consumers who were leaving the facility (or family members) access to Reverse Opioid Overdoses. Beaver SCA purchased and will continue to purchase requested Narcan for any in county provider who wishes to provide the distribution of the drug to high risk OUD Consumers.	3	Approved
Beaver	#3	ABC Associates	ABC Associates Infrastructure Expansion	\$474,976.00	B	• A. Treat Opioid Use Disorder (OUD)	1	ABC Associates provides many OP Services to Beaver County Residents, including MAT services for those at the facility. The facility was in much needed infrastructure repair. Without these repairs the facilities could have been forced to discontinue operations of the various OP & IOP Services as well as MAT Treatment Services they provide for our OUD Population.	3	Still Under Consideration
Beaver	#4	ABC Associates	ABC Associates Infrastructure & Training Expansion	\$32,355.00	B	• A. Treat Opioid Use Disorder (OUD)	1	Provided ABC Associates funding to train staff and cover CADCE Exam expenses for 15 and 10 employees, respectively. Provide DocuSign software for electronic signature capability of consumers during treatment. Additionally current allocation for a vehicle lease for MAT facility, did not happen and request of purchasing of Clinical Office Space Furniture was approved in lieu of original agreement.	3	Still Under Consideration

Re: March 15, 2024 Reports

County	Prog. #	Organization	Remediation Program Name	Total Spent + Committed	Sched.	Schedule Categories	Att?	Program Notes	Wkg. Grp.	May 2, 2024 Public Meeting
Beaver	#5	Beaver County SCA	ODU Harm Reduction Program	\$43,727.40	B	• H. Prevent Overdose Deaths and Other Harms (Harm Reduction)	1	The SCA Purchased Storage Lockable Pill pods for use within the community to prevent the accidental overdosing and usage of opioid drugs within all ages of the population.	3	Approved
Beaver	#6	Drug and Alcohol Services of Beaver Valley, Inc.	DASBV Infrastructure Expansion	\$23,080.00	B	• A. Treat Opioid Use Disorder (OUD)	1	DASBV recently returned as a provider for our county. They projected they were serving about 50% clients linked to OUD. In order to keep a vibrant network so that they could provide OP & IOP services as needed to the OUD population, we funded half of the infrastructure support needed with the Opioid Settlement Funds. The Balance was paid by our SCA Base Allocation in order to provide services to other consumers in active addiction needing support. Therefore this was how we determined why we would fund 50% of this infrastructure project.	3	Approved
Beaver	#7	Beaver County SCA	Case Management for Incarcerated Population	\$93,097.49	A	• F. Treatment for Incarcerated Population	0	This new hire position is a D&A SCA Case manager who is allocated 70% of her time to the Jail to provide case management services for individuals with an OUD Diagnosis. This is an important function that allowed us to hire an additional individual with our base funds to perform non OUD work while focusing one person solely to the OUD Jail Population. The other 30% of this employee's time is allocated to DDAP Treatment-Related funds to cover non OUD percentage of the population at the jail.	3	Approved
RESOLUTION NO. 1										
Bedford County									2	
Berks County									3	
Berks	#1	Berks County Jail	Berks County Jail Vivitrol Program	\$37,032.86	B	• D. Address the Needs of Criminal Justice-Involved Persons	0	A program at the Berks County Jail which administers Vivitrol to inmates at Berks County Jail with the intent of continuing the medication in the community. This program was implemented under a PCCD grant. As the grant funds were no longer available, Berks County Opioid Settlement funds are used to continue this program. This program includes the cost associated with the initiation of Vivitrol as well as the case management services to assist individuals to continue with the medication and counseling upon their return to the community.	3	Still Under Consideration
Berks	#2	Berks County Jail	Berks County Jail Medication Assisted Treatment Program	\$302,500.00	B	• D. Address the Needs of Criminal Justice-Involved Persons	0	Berks County Jail System (BCJS) medical contractors shall evaluate inmates referred for medication assisted treatment (MAT) services and, if deemed eligible, provide appropriate medication and supportive services until inmates are discharged from BCJS. The Berks County Opioid Settlement funds pays all invoices from the medical provider for MAT services.	3	Approved
Berks	#3	Treatment Access and Services Center	Berks County Jail MAT Case Management	\$53,398.00	B	• B. Support People in Treatment and Recovery • D. Address the Needs of Criminal Justice-Involved Persons	0	Case management services at the Jail to individuals participating in Jail's MAT program. Services include: developing an individualized service plan, orientation to the MAT program, education about the various medications, a referral for jail based drug and treatment, developing a discharge plan with each participant, assisting program participants in applying for Medical Assistance and coordinating with Jail personnel and the Department of Probation and Parole.	3	Approved
Berks	#4	Danny's Ride	Treatment and Support Transportation	\$20,625.00	B	• B. Support People in Treatment and Recovery	0	The provision of transportation services to individuals in Berks County with OUD or co-occurring OUD and SUD and SUD/MH who are involved in treatment and/or recovery related services. Specifically targeted are those people who do not have access to other types of transportation such as bus service, sufficient rides from family or friends, or their own car. This program is funded on a fee-for-service basis and Opioid Settlement funds are only used for those individuals with and OUD or co-occurring OUD and SUD or SUD/MH disorder.	3	Approved
Berks	#5	Connections Works	Recovery Works	\$203,381.00	B	• B. Support People in Treatment and Recovery	0	A comprehensive workforce development program called Recovery Works for individuals in recovery from an Opioid Use Disorder (OUD) and any co-occurring Substance Use Disorder or Mental Health (SUD/MH) conditions. Participants are enrolled in the program following a referral from various community partners who serve the defined population. The program includes case management. The development of an individualized employment plan, employment preparedness, and job search assistance and placement as well as retention support. Participants must have an Opioid Use Disorder (OUD) or any co-occurring Substance Use Disorder or Mental Health (SUD/MH) conditions	3	Approved

Pennsylvania Opioid Misuse and Addiction Abatement Trust

Re: March 15, 2024 Reports

County	Prog. #	Organization	Remediation Program Name	Total Spent + Committed	Sched.	Schedule Categories	Att?	Program Notes	Wkg. Grp.	May 2, 2024 Public Meeting
Berks	#6	Council on Chemical Abuse - Berks SCA	Residential Treatment Services for OUD	\$180,000.00	B	• A. Treat Opioid Use Disorder (OUD)	0	Residential treatment and detoxification funding for those with an Opioid Use Disorder and any co-occurring Substance Use or Mental Health (SUD/MH) condition. This services is funded fee-for-service to various treatment providers contracted with the Berks SCA. Opioid Settlement funds are strictly used for those in the above defined population.	3	Approved
Berks	#7	Council on Chemical Abuse - Berks SCA	Student Assistance Program	\$1,597.01	B	• C. Connect People Who Need Help to the Help They Need (Connections to Care) • G. Prevent Misuse of Opioids	0	Berks Opioid Settlement funds were used supplement the Berks SCA monies available to support services directly related to the Student Assistance Program. Funds were used specifically in the areas of assessments, program activity and collateral contract that include follow up services.	3	Approved
Berks	#8	Easy Does It, Inc.	Community Intervention/Recovery Support	\$23,248.00	B	• B. Support People in Treatment and Recovery	0	Easy Does It (EDI), Inc. a recovery center and recovery house, has partnered with Atonement Lutheran Church (ALC) to provide community-based recovery support and intervention services. EDI has a lengthy history of providing substance use disorder recovery support as well as connecting individuals with appropriate treatment and ancillary services. ALC has long been a beacon for recovery support by hosting over a dozen 12-step meetings per week. ALC also has a recovery focused ministry, Common Ground, created to enhance recovery by providing faith-based and spiritual support. EDI provides no cost recovery support and serves as a resource to the community by offering information, referral as well as a place where someone will listen. Berks County Opioid Settlement funds help initiate this service which offered to individual or family seeking support or information regarding substance use disorders. The implementation of this endeavor required funds to help complete certain minor renovations at the ALC site in order to support this supportive service. The cost to the opioid settlement fund for both the renovations and actual recovery support/intervention services is prorated to the number of individuals with an Opioid Use Disorder (OUD) and any co-occurring Substance Use Disorder or Mental Health (SUD/MH) condition.	3	Approved
Berks	#9	RISE Center - Berks SCA	Connecting with Cookies and Coffee	\$8,995.00	B	• B. Support People in Treatment and Recovery	0	A weekly community-based education, support and referral program for individuals and families experiencing opioid and other substance use disorders. It is operated out of the Berks SCA recovery support center (RISE Center) and facilitated by a Certified Family Recovery Specialist. The goal is to share experience, strength and hope to individuals and family members, provide education regarding addiction and recovery and appropriate local resources, as well as ongoing support to families suffering from the effects of opioid and other substance use disorders. Topic include, but not limited to: Trauma Informed Care, Effects of Substances on the Brain, Recovery Pathways, Recovery and The Family, The Role of the CRFS and CRS, Co-Occurring Disorders, Stigma, and Setting Boundaries.	3	Approved
Berks	#10	Council on Chemical Abuse - Berks SCA	FDA Approved Medications for Outpatient Treatment	\$150,000.00	B	• A. Treat Opioid Use Disorder (OUD)	0	Using Berks County Opioid Settlement funds to expand the various FDA approved medications to address opioid use disorders to include Subutex and Vivitrol. Through this expansion, the Berks SCA now supports a more full array of MAT medications. Support for this services is funded fee-for-service to various local outpatient treatment providers contracted with the Berks SCA. Opioid Settlement funds are strictly used for those with an Opioid Use Disorder and any co-occurring Substance Use or Mental Health (SUD/MH) condition.	3	Approved
Berks	#11	Bethany Christian Services of Central Pennsylvania	Equine Therapy for Pregnant and Post Partum Women	\$35,000.00	B	• A. Treat Opioid Use Disorder (OUD) • B. Support People in Treatment and Recovery • E. Address the Needs of Pregnant or Parenting Women and Their Families, Including Babies with Neonatal Abstinence Syndrome	0	Establishment of an equine therapy program for pregnant and post-partum women. This project will enable pregnant/post-partum women struggling with an Opioid Use Disorder in Berks County to process and heal from past trauma through a modality that has been successful for many and who have not responded to traditional therapy. Equine-Assisted Psychotherapy encompasses a multitude of treatment interventions that address a wide-range of mental health diagnoses. Berks County Opioid Settlement funds will support curriculum development, the actual equine therapy, client transportation and childcare. Participants will be those women with an Opioid Use Disorder and any co-occurring Substance Use or Mental Health (SUD/MH) condition.	3	Approved

Pennsylvania Opioid Misuse and Addiction Abatement Trust

Re: March 15, 2024 Reports

County	Prog. #	Organization	Remediation Program Name	Total Spent + Committed	Sched.	Schedule Categories	Att?	Program Notes	Wkg. Grp.	May 2, 2024 Public Meeting
Berks	#12	NAMI of Berks County	Peer2Peer and Family2Family	\$12,100.00	B	<ul style="list-style-type: none"> • B. Support People in Treatment and Recovery • G. Prevent Misuse of Opioids 	0	National Alliance on Mental Illness (NAMI) of Berks County provides peer-to-peer (P2P) and family-to-family (F2F) multi-session groups for individuals and families suffering from a co-occurring OUD and mental health condition. These groups provide education as well as mutual support and shared positive impact-experience compassion and reinforcement from people who understand their situation. NAMI of Berks County has offered P2P locally in its current format since 2015 and F2F has been offered since 1998. This service is funded via fee-for-service for those individuals or family members with an Opioid Use Disorder and co-occurring Substance Use or Mental Health condition.	3	Approved
Berks	#13	Goodknights Recovery House	Recovery House Support Services	\$41,800.00	B	<ul style="list-style-type: none"> • C. Connect People Who Need Help to the Help They Need (Connections to Care) 	0	Berks County Opioid Settlement funds support recovery support specialist services for local licensed recovery house. Prior to these funds, this urban based recovery house had no organized/formal recovery support services for those who are at high risk for both relapse and overdose. These Opioid Settlement funded services will help the newly recovery individuals to manage and strengthen their recovery.	3	Approved
Berks	#14	SOS Berks - Berks County Opioid/Overdose Coalition	The Response Magazine	\$13,000.00			0	The Response magazine, established in 2018, addresses a goal of the SOS Berks Opioid Coalition Strategic Plan: 'To ensure that all residents of Berks County are well-informed on overdose, signs of a Substance/Opioid Use Disorder, treatment options, and recovery programs available throughout the community.' Initially funded through a grant from the Pennsylvania Commission on Crime and Delinquency (PCCD), the Response magazine publication has offered the reader timely articles on opioid and other substance issues, while addressing the stigma toward substance use and raising community awareness to available and emergent resources. Two issues of the magazine are produced each year with a circulation that reaches a broad audience including schools, churches, libraries, physicians' and dentists' offices, barbershops and beauty salons, social service agencies, and individual homes. An online version of the Response is available concurrently with the print edition in English and Spanish.	3	Approved
Berks	#15	SOS Berks - Berks County Opioid/Overdose Coalition	Outreach Event	\$4,000.00	B	<ul style="list-style-type: none"> • G. Prevent Misuse of Opioids • J. Leadership, Planning and Coordination • K. Training 	0	A community outreach breakfast event provided by Berks SOS Opioid Coalition to achieve the following: inform the community of the opioid/overdose crisis, describe various past and planned efforts of Berks SOS and to invite stakeholders and other community members to participate in the coalition.	3	Approved
Berks	#16	SOS Berks - Berks County Opioid/Overdose Coalition	Outreach to the Spanish Community	\$14,850.00	B	<ul style="list-style-type: none"> • G. Prevent Misuse of Opioids • J. Leadership, Planning and Coordination 	0	A project deemed important by the Berks SOS Opioid/Overdose Coalition due to the large Latino population in Berks County. This included the purchase of full-page Spanish article insertions and community awareness advertising in Palo magazine, a local Spanish language publication.	3	Approved
Berks	#17	Council on Chemical Abuse - Berks SCA	Youth Leadership Council Recruitment Event	\$594.79	B	<ul style="list-style-type: none"> • G. Prevent Misuse of Opioids 	0	The Youth Leadership Council (YLC) offers youth the opportunity to represent their peers as the youth voice for prevention in the local community. The YLC is comprised of Berks County high school youth who meet six times a year with the Berks SCA prevention specialists to offer insight into issues affecting their peers and suggest methods to assist the Berks SCA in delivering effective prevention programming to Berks County Youth. YLC members work on prevention projects and community service throughout the year, as well as awareness campaigns they can bring back to their schools. Berks Opioid Settlement funds were used to sponsor a recruiting event for local high school students.	3	Approved
Berks	#18	Council on Chemical Abuse - Berks SCA	Narcan Media Campaign	\$13,000.00	B	<ul style="list-style-type: none"> • H. Prevent Overdose Deaths and Other Harms (Harm Reduction) 	0	Multi-media campaign by the Berks SCA to notify the local community of upcoming expiration of Narcan provided by the Berks SCA as well as to inform the local community of the availability of free Narcan kits through the Berks SCA.	3	Approved
Berks	#19	SOS Berks Opioid/Overdose Coalition	Recovery Simulation	\$676.16	B	<ul style="list-style-type: none"> • B. Support People in Treatment and Recovery • K. Training 	0	Interactive/participatory program which highlights the challenges faced by those in early recovery. The intent is to educate participants to reduce stigma and support those seeking long term recovery, which decreases the likelihood of relapse. Intended audience is criminal justice/law enforcement, policy makers, social service agencies and the general public.	3	Approved
Berks	#20	Council on Chemical Abuse - Berks SCA	iHeart Media Holiday Campaign	\$7,500.00	B	<ul style="list-style-type: none"> • G. Prevent Misuse of Opioids 	0	The Berks SCA partnered with iHeart Media for a multimedia campaign over the 2023 holidays. This campaign was designed to raise awareness about the availability of opioid/substance use treatment and support services in Berks County even during the holidays, information regarding the hotline as well as a link to the Berks SCA's Get Help Now webpage. Advertisements were also run in English and Spanish on social media (Facebook and Instagram), iHeart streaming services, and local English speaking and Spanish speaking radio stations.	3	Approved

Pennsylvania Opioid Misuse and Addiction Abatement Trust
May 2, 2024 Public Meeting
Re: March 15, 2024 Reports

County	Prog. #	Organization	Remediation Program Name	Total Spent + Committed	Sched.	Schedule Categories	Att?	Program Notes	Wkg. Grp.	May 2, 2024 Public Meeting
Berks	#21	Reading Hospital Tower Health	Center of Excellence for Non-Medical Assistance	\$15,000.00	B	• B. Support People in Treatment and Recovery	0	Tower Health Reading Hospital has been designated as a Center of Excellence (COE) in Berks County since 2017. This successful program supports patients at Tower Health individuals with opioid use disorders in finding appropriate OUD treatment, medical care and referral and assistance in accessing necessary social services. COE's primarily serve those enrolled in Pennsylvania's Medical Assistance program. Berks County Opioid Settlement funds are being used to help expand this service to those not enrolled in MA.	3	Approved
Berks	#22	Berks Counseling Center	Contingency Management/Harm Reduction	\$72,220.00	B	• A. Treat Opioid Use Disorder (OUD) • H. Prevent Overdose Deaths and Other Harms (Harm Reduction) • K. Training	0	Berks Counseling Center, a local licensed outpatient substance use and mental health treatment provider will implement contingency management and harm reduction model for clients who are at high risk for overdose. This is a long-term project which will incorporate a comprehensive evidence-based training developed and supported by the National Institute of Health and the National Institute on Drug Abuse. The contingency management and harm reduction models will be fully implemented and funded via fee-for-service for OUD clients following completion of the training plan.	3	Approved
Berks	#23	White Deer Run of Allenwood	The Bridge Device	\$15,000.00	B	• A. Treat Opioid Use Disorder (OUD)	0	Opioid Settlement funds are being used to purchase Masimo Bridge™ Device for Berks County residents attending treatment for Opioid Use Disorder at White Deer Run of Allenwood. This FDA Authorized medical device accomplishes two critical functions in helping those with an OUD: increases the chance for successful completion of withdrawal from opioids for those seeking complete abstinence; and enhances the opportunity for successful transition from illicit opioid use to a prescribed and medically managed Medication Assisted Treatment (MAT) program.	3	Approved
Berks	#24	Caron Treatment Centers	Medical Fellowship Program	\$20,000.00	B	• A. Treat Opioid Use Disorder (OUD)	0	Provide support for specific expenses related to Medical Fellow program at Caron offered in conjunction with Tower Health. Opioid Settlement funds are used to offset the cost of certain expenses related to materials, subscriptions, licensure and medical specialty membership.	3	Still Under Consideration
Berks	#25	Community Prevention Partnership	Project Peace	\$125,778.00	B	• G. Prevent Misuse of Opioids	0	Project PEACE Youth Coalition will provide structured mentoring and leadership opportunities for youth in the Reading School District Middle Schools and High Schools. The goal is to develop effective population level-change by engaging youth to increase awareness of the dangers of substance use, decrease the stigma related to substance use, decrease drug use within the community and reduce the likelihood of overdose. Youth will partner with existing coalitions & community resources to achieve the desired outcomes. This program had been operating for ten years under a federal grant which expired in September 2023. The Berks County Opioid Settlement funds are being used to continue this program.	3	Approved
Berks	#26	YMCA of Reading and Berks County	Drug Court Recovery House Renovations	\$41,400.00	B	• B. Support People in Treatment and Recovery • D. Address the Needs of Criminal Justice-Involved Persons	0	Berks County successful recovery house strictly for Drug Treatment Court and DUI Court participants is sorely in need of renovation. Opioid Settlement funds, along with other monies, were used to make necessary renovations. The proportion of OS funds used does not exceed the proportion of clients/bed days for those residents with an opioid use disorder as well as those residents who are opioid overdose survivors. The YMCA of Reading and Berks County has on their own raised the majority of the funds needed for the renovation.	3	Approved
Berks	#27	Amos Lemon Burkhardt Foundation	Adolescent Substance Use/Mental Health Conference	\$15,000.00	B	• G. Prevent Misuse of Opioids	0	One day conference for youth and service providers focusing opioid and other substance use, overdose as well resiliency, trauma, mindfulness. The Opioid Settlement funds will be provided on a fee-for-service basis to offset the cost of the youth attending the conference.	3	Approved
Berks	#28	Caron Treatment Centers	Kids of Promise	\$10,000.00	B	• G. Prevent Misuse of Opioids	0	The project targets both school-aged youth (5-19) who have been impacted by a loved one's opioid/substance use disorder as well as the child-serving professionals who support them. Both the psycho-educational programming for youth and the professional development programs will be offered at various locations within Berks County.	3	Approved
Berks	#29	Caron Treatment Services	Student Athlete Intervention	\$10,000.00	B	• G. Prevent Misuse of Opioids	0	The project approach incorporates targeted education focused on the increased risk studentathletes face related to substance use, including information on the neurochemistry of the brain of student-athletes, as well as concerns regarding injury and opiate use.	3	Approved

RESOLUTION NO. 2

Blair County

3

Pennsylvania Opioid Misuse and Addiction Abatement Trust
May 2, 2024 Public Meeting
Re: March 15, 2024 Reports

County	Prog. #	Organization	Remediation Program Name	Total Spent + Committed	Sched.	Schedule Categories	Att?	Program Notes	Wkg. Grp.	May 2, 2024 Public Meeting

Cameron	#2	Cameron County Salary Board	Governmental Agency Assistance Initiatives	\$45,684.60	B	<ul style="list-style-type: none"> • C. Connect People Who Need Help to the Help They Need (Connections to Care) • E. Address the Needs of Pregnant or Parenting Women and Their Families, Including Babies with Neonatal Abstinence Syndrome 	1	The County has allotted a portion of our Children and Youth Services and Probation Staff's wages to be covered by the Opioid Trust Fund to increase their salaries to account for the increase in their services that position them as care and treatment liaisons and facilitators. As Cameron County is incredibly rural, these offices have been the conduit to ensuring people are matched to treatment, rehabilitation opportunities, and care that positions them to best overcome their addiction or mental health diagnosis limitations, with the goal of ending their engagement in recovery with positive family, work, and quality of life outcomes. Individuals under their management can use these professionals to seek treatment options, identify program opportunities and rehab facilities, and navigate transportation and other barrier removal needs. Historically, these offices weren't compensated fairly or equitably for the additional requirements the opioid epidemic has caused their offices.	2	Still Under Consideration
Cameron	#3	Magisterial District 59-3-01	District Magistrate Office Staff Wages	\$15,462.00	B	<ul style="list-style-type: none"> • D. Address the Needs of Criminal Justice-Involved Persons 	1	See attached explanation supplied by requesting department head.	2	Still Under Consideration

Re: March 15, 2024 Reports

County	Prog. #	Organization	Remediation Program Name	Total Spent + Committed	Sched.	Schedule Categories	Att?	Program Notes	Wkg. Grp.	May 2, 2024 Public Meeting
Chester	#10	Holcomb Behavioral Health	Warm Hand Off Expansion	\$204,770.00	A	• E. Expansion of Warm Hand-off Programs and Recovery Services	1	The expansion includes a warm hand-off from OB-GYN and primary care physician offices.	2	Still Under Consideration
Chester	#11	Holcomb Behavioral Health	Valley Creek Crisis stabilization	\$35,000.00	B	• C. Connect People Who Need Help to the Help They Need (Connections to Care)	0	https://chimes.org/about/chimes-family/holcomb-behavioral-health-systems/chester-county-crisis-services/	2	Still Under Consideration
Chester	#12	Chester County Coroner's Office	Prevent Future Overdoses (Toxicology Testing)	\$140,000.00	B	• H. Prevent Overdose Deaths and Other Harms (Harm Reduction)	0	The Provider can request to cover the cost of expanded toxicology for all suspected drug related deaths and other cases as deemed appropriate to determine the cause and manner of death. The ability to perform expanded toxicology at the Provider's discretion will allow for more accurate tracking of deaths and drug trends in Chester County, providing a higher quality of service for its citizens. It will not only support the Provider in determining drug or medication use as the main cause of death, but also for the detection of drug use in other non-suspected drug deaths where it may ultimately be determined to be a contributing factor. Expanded toxicology allows for a more complete and accurate determination in a way that previous basic toxicology testing did not allow for.	2	Still Under Consideration
Chester	#13	Chester County Adult Probation Office	Expanded testing	\$250,000.00	B	• H. Prevent Overdose Deaths and Other Harms (Harm Reduction)	0	The Provider shall make available extend hours for drug testing to begin at 7:30 to 6:30p. The additional hours will support those who are employed to stay working and test before (or after) work. With the additional this would also allow those coming out of jail or into advanced phases to have confidence when they find a job (as required), they will have the ability to test before and after work. This may also include testing for Opiates and Fentanyl (2 separate tests) as deemed appropriate by APO.	2	Still Under Consideration
Chester	#14	Gateway Horse Works	Equestrian Recovery Supports	\$14,074.43	B	• B. Support People in Treatment and Recovery	1	Service is to help the person in recovery to engage in the level of care and to improve their commitment in recovery.	2	Still Under Consideration
Chester	#15	Primecare Medical	MAT in Chester County Prison	\$707,236.49	A	• F. Treatment for Incarcerated Population	0	PCM will provide medical evaluation, medication, counseling and discharge planning to assist with the MAT program to individuals identified as viable candidates. Viable candidates are identified after an assessment by qualified professionals to meet the DSM-5 criteria for Substance/Opioid Use Disorder, all individuals receiving MAT will be evaluated by appropriately credentialed health care providers following an established procedure and will be followed by the Licensed and/or Credentialed Substance Abuse Counselor and case manager to coordinate programming, counseling, mental health services, and provide for discharge planning.	2	Approved
Chester	#16	Chester County Department of Drug and Alcohol	Community Mobilization	\$80,000.00	B	• G. Prevent Misuse of Opioids	0	Includes various meetings with community groups/members, coalitions or other professionals. Community meetings or coalitions may be comprised of parents, teachers, law enforcement, businesses, religious leaders, health providers and other community activists who are mobilizing at the local level to make their communities safer, healthier and drug-free. Multi-agency collaboration refers to meetings with other agencies or professionals in which the purpose of the meeting is to have a direct impact on substance use prevention at the community/local level. Technical assistance includes attendance by prevention staff at a meeting in order to provide services, expertise or perspective that helps strengthen or enhance activities to promote prevention. Implementing tasks to determine the need for prevention services, identify at-risk and high-risk populations, or determine priority prevention populations for service delivery. Examples are: • Conducting community prevention needs assessments, which includes focus groups, interviews, etc. • Conducting/administering surveys to assess community needs.	2	Approved
Chester	#17	Chester County Department of Drug and Alcohol Services	Prevention Media Campaign	\$40,000.00	A	• G. Prevention Programs	0	Development and dissemination of printed materials such as flyers, brochures and newsletters. Also includes the development of materials such as flyers, brochures, newsletters that will be disseminated via email. Development and dissemination of content for websites, blogs and social media.	2	Approved
Chester	#18	Be a Part of the Conversation	Family Education Program	\$10,000.00	B	• G. Prevent Misuse of Opioids	0	https://conversation.zone/frc/ Structured classes and programs intended to assist parents and families in addressing substance use risk factors, implementing protective factors and/or learning about the effects of substance use on individuals and families. Topics typically include parenting skills, family communications, decision-making skills, conflict resolution, family substance use risk factors, family protective factors and related topics.	2	Approved

Re: March 15, 2024 Reports

County	Prog. #	Organization	Remediation Program Name	Total Spent + Committed	Sched.	Schedule Categories	Att?	Program Notes	Wkg. Grp.	May 2, 2024 Public Meeting
Chester	#19	Devereux Advanced Behavioral Health	SAP School Programs	\$69,000.00	A	• G. Prevention Programs	0	SAP School Programs include: SAP Core Team Meetings - Structured core team consultation meetings. Only counted when the SAP Liaison is present at the meeting. SAP Parent Meeting - Refers to meetings that SAP liaisons have with parents that can include teachers and the student. These meetings may take place face to face or by phone. SAP Student Consultation with School Staff - Involves in-person meetings with school staff such as school counselor, school nurse, teacher, principal, or other administrator to discuss issues regarding a student who has been referred to SAP. Examples are: • Meeting with teacher to discuss student's academic progress and participation • After obtaining parental permission, SAP liaison meets with school counselor to discuss a student's return to school after completing treatment. SAP Initial Screening - Initial Screening takes place subsequent to the initial referral to the Core Team to gather information related to drug and alcohol use, mental health, and other issues to help determine if the student needs to be referred to school, community or other professional resources/services such as a drug and alcohol level of care assessment. SAP Group - Structured programs intended to educate and support students with substance misuse or other high-risk behaviors interfering with their education and life development. The groups may address topics such as ATOD specific education, building skills and resiliency, and addressing identified risk factors. Referral Follow-up - Refers to a follow-up meeting with an individual SAP identified student to check-in regarding their progress/status. This meeting with the student takes place after they have been referred to the core team and discussed at a core team meeting. This code also captures non-SAP follow-up meetings that may take place to meet with parents, family members, or individual to address referrals. Examples are: • Checking-in with a SAP identified student after return from school or community based treatment services • Checking-in with a SAP identified student to see if they are benefiting from the SAP group support services they were referred to • Checking-in with individuals to ensure they received the services to which they were referred Various meetings with community groups/members, coalitions or other professionals. Community meetings or coalitions may be comprised of parents, teachers, law enforcement, businesses, religious leaders, health providers and other community activists who are mobilizing at the local level to make their communities safer, healthier and drug-free. Multi-agency collaboration refers to meetings with other agencies or professionals in which the purpose of the meeting is to have a direct impact on substance use prevention at the community/local level. Technical assistance includes attendance by prevention staff at a meeting in order to provide services, expertise or perspective that helps strengthen or enhance activities to promote prevention. A group or individual session with youth or adults with problematic/risky substance use behaviors to include individuals assessed as needing 0.5 Early Intervention Level of Care. Session content could include, but is not limited to, discussing use and consequences to use, setting goals, and discussing and developing skills to reach goals such as coping skills, stress management, conflict resolution, etc. The session could also include additional screening and referring individuals to other services and resources.	2	Approved
Chester	#20	Compass Mark	Prevention Awareness and Alternate Activities	\$5,210.73	B	• G. Prevent Misuse of Opioids	0	Free Activities - exclude the use of alcohol, tobacco and other drugs. Examples are: • After-prom parties • Alcohol, tobacco and other drug-free school and community events • Recreational after school or summer camp activities • Community or youth leader recognition • Activities at a teen, community, recreation, or drop-in center. Mentoring/Leadership Development -Structured prevention services that use peers or mentors to provide guidance, support and other risk reduction activities for youth or adults. Also includes activities or events designed to assist in the development of leadership skills. Examples are: • Tutoring programs • Coaching activities • Leadership summit • Adult-led youth groups. https://www.compassmark.org/addiction-resources/Changing-Policy-(Rules-and-Laws)-Efforts-intended-to-change-or-establish-environmental-policies,-codes,-ordinances,-regulations,-or-other-laws-to-reduce-the-availability-of-and/or-access-to-ATOD,-or-incidence-or-prevalence-of-substance-use Examples: • Advocacy efforts aimed at local, state and federal officials • Zoning ordinances to prohibit new alcohol outlets • Working with school/college officials on school/college policy change. Changing Practices or Procedures - Efforts intended to change or establish practices and or procedures that influence substance use. Examples: • Working with law enforcement or pharmacies to install a drug take back box • Advocacy at community meetings to eliminate alcohol at public events • Working with businesses, restaurants, community event organizers, etc. to ensure minors access to alcohol is restricted and monitored (e.g. bracelets, hand stamps, signage, designated areas for alcohol) • Working with real estate agents to implement a best practice to talk with homeowners about safe medication storage during open houses. https://www.compassmark.org/addiction-resources/resources/know-pot/	2	Still Under Consideration

Community meetings or coalitions may be comprised of parents, teachers, law enforcement, businesses, religious leaders, health providers and other community activists who are mobilizing at the local level to make their communities safer, healthier and drug-free. Multi-agency collaboration refers to meetings with other agencies or professionals in which the purpose of the meeting is to have a direct impact on substance use prevention at the community/local level. Technical assistance includes attendance by prevention staff at a meeting in order to provide services, expertise or perspective that helps strengthen or enhance activities to promote prevention.	2	Approved

Lycoming County										
Lycoming	#1	West Branch Drug and Alcohol	Medication Assisted Treatment	\$36,639.05	A	• B. Medication-assisted Treatment ("MAT") Distribution and other Opioid-Related Treatment	0	Brought MAT to inmates in the County Prison	1	Approved
McKean County										
McKean	#1	Alcohol & Drug Abuse Services	Too Good for Drugs	\$120,000.00	A	• G. Prevention Programs	0	ADAS holds a program within the schools in McKean County called Too Good for Drugs. This program brings awareness and prevention to children in grades K-12. Currently the program is implemented for children middle school aged and up. This remediation project will implement the program to all grades in all schools in McKean County, to target the entirety of the K-12 population.	3	Approved
McKean	#2	McKean County District Attorney Office	Educational Materials for School	\$3,722.22	A	• G. Prevention Programs	0	The McKean County DA office offers an education program that is directed at children. The programs take place in the schools, community events, etc. They bring the K9s with them, explaining to the children the role that they play. With this comes educational materials that are handed out to the children as a learning tool.	3	Approved
McKean	#3	Alcohol & Drug Abuse Services	Certified Recovery Specialist	\$53,000.00	A	• E. Expansion of Warm Hand-off Programs and Recovery Services	0	Having a Certified Recovery Specialist in the jail will provide more hand off services and knowledge in what works to help those incarcerated for drug use and offenses. A Certified Recovery Specialist works closely with the Case Management staff to assist individuals throughout their recovery process. As a peer (an individual who has traveled a similar path), a Certified Recovery Specialist fosters hope for recovery and role models that reality to the peers they serve. A Certified Recovery Specialist will: provide outreach for those in recovery, offering guidance in the recovery process; educate about recovery and what living in recovery means; offer help with developing a Personal Recovery Plan; give support during and after treatment; use recovery-oriented tools to help you address challenges; introduce clients to other people in our community in recovery, individually and through recovery support groups; and motivate, mentor and guide individuals through the recovery process.	3	Approved
McKean	#4	Alcohol & Drug Abuse Services	Funding for Prevention Campaigns	\$14,024.24	A	• G. Prevention Programs	0	We will utilize the PA Stop Campaign information and have some drop box information on where to get help in McKean County. We will also be utilizing funds for brochures, social media spots, billboards, commercials, etc.	3	Approved
McKean	#5	Alcohol & Drug Abuse Services	Naloxone Distribution	\$30,000.00	A	• A. Naloxone or other FDA-Approved Drug to Reverse Opioid overdoses	0	We will be utilizing funds to increase distribution of NARCAN to high-risk areas via naloxone boxes and/or naloxone machines. Please note that if the county policies change regarding MAT in the county jail, these remediation programs and strategies are likely to change.	3	Still Under Consideration

Montgomery	#6	Montgomery County Department of Health and Human Services	Crisis Services - Mobile and Walk-in	\$1,390,000.00	B	• C. Connect People Who Need Help to the Help They Need (Connections to Care)	0	'The Montgomery County Department of Health & Human Services is looking to expand the continuum of services offered via the public behavioral health system. Specific to crisis response, Montgomery County currently provides the community with two 24/7 hotlines, 2 peer warm lines, a 24/7 mobile crisis team, and two crisis residential programs. There is also a small crisis walk in center for adults. The Department of HHS has been working toward the development of a new walk-in Crisis Receiving Center to serve all ages, 24 hour, 365 days a year. This center will serve any individual experiencing a behavioral health crisis, including substance use and overdose related crises, and will function as a 24/7 Drug & Alcohol Assessment and Referral site. oUpwards of 25% of all behavioral health crisis calls currently fielded by the hotline and mobile teams are for individuals who report substance use, including: opioid use, withdraw, and overdose. The future CRC will be a place where those individuals can go for assistance and referral. Currently in Montgomery County, we have a robust offering of someone to call (2 hotlines, 2 warm lines) and someone to come (mobile crisis team). A 24/7, all ages Crisis Receiving Center will provide individuals and families with a key resource to any ideal crisis response system: somewhere to go. A CRC, also called a 'diversion center' or 'crisis resource center' will provide an alternative to Emergency Departments for individuals in crisis. The CRC will be staffed with a multidisciplinary team of helpers including: peer specialists, certified recovery specialists, case managers, clinicians, nurses, and physicians. A one-stop shop for individuals and families in crisis to find help and manage a crisis situation. The CRC will also provide an accessible option for first responders looking to connect individuals to assistance, as an alternative to transport to an Emergency Department or utilization of the criminal justice system'	3	Still Under Consideration

The purpose of our DEC team is to address Drug Endangered Children issues with the primary goal of establishing a multi-disciplinary effort for the appropriate identification and intervention of children who have been exposed to or live in dangerous environments as a result of manufacturing, cultivation, possession, distribution or use of drugs by a parent or caregiver. This multi-disciplinary collaborative effort also assists in improving the relationships and the collaboration between DEC partner agencies and bring disciplines together to respond to these children in an efficient and appropriate way. This response promotes the health and safety of children in Tioga County that are found in dangerous environments. We are committed to this endeavor and the positive working relationships that the Drug Endangered Children Alliance has allotted us.	3	Still Under Consideration

These funds allowed us to continue providing certain MAT medications, as well as introduce new meds. Other notes: •Grant for Vivitrol/Naltrexone ended and was supplemented through the opioid funding. •Introduced methadone into York County Prison (YCP) on September 18, 2023.	1	Approved
York	#7	York Adams Drug & Alcohol Commission	ROMPPA Prevention Project	\$200,000.00	A	<ul style="list-style-type: none"> • G. Prevention Programs 	0	\$18,258 has been encumbered but not yet spent/paid, as the contract is not yet executed. The development of the Reducing Opioid Misuse Using Primary Prevention Approaches (ROMPPA) Project was coordinated and the framework was established with weekly meetings occurring with the Technical Advisor Team. Additionally, coordination of the school implementation plan was developed and a school district was identified to partner and pilot the ROMPPA Project which resulted in school meetings and district approval activities. The first six months of the Reducing Opioid Misuse Using Primary Prevention Approaches (ROMPPA) project focused on establishing both the processes and the relationships required to ensure the project's successful, long-term implementation. This groundwork included: 1.) devising ROMPPA- specific project materials, 2.) identifying and engaging first implementation school district, and 3.) coordination with external project contributors.	1	Still Under Consideration
